

**2023-2024**

## **No Food Delivery Services On Campus**

Universal Academy Parents,

Universal Academy, as stated in this year's Student Code of Conduct, does not allow Door Dash, GrubHub, Uber Eats or any type of food delivery service. Parents are asked to personally drop off meals for their students. Universal Academy does not allow vendors to drop off meals unless they are a part of the school lunch program. Food sent to the school by delivery services will not be given to the student, it will be returned to the vendor.

### ***Lunch Deliveries:***

- For security reasons, **non-family members may NOT make deliveries for students, including DoorDash, Uber Eats and other delivery services.** Delivery drivers will be turned away.
- Food deliveries should be made by parents **ONLY during lunch hours.**
- Parents will be required to sign into Raptor (driver's license is required). The lunch will be placed on the table by the main entrance to be picked up by the student.
- Students may not leave class to pick up their food. Students should pick up their food on their way to their assigned lunch period.

Thank you,

***Universal Academy Administration***
